Acting Secretary

MEMORANDUM

Date: October 06, 2014

To: Maryland Approved Industrialized Building Manufacturers
Maryland Approved Testing Facilities (ATF)

From: Edward G. Landon, Director, Maryland Codes Administration 

Ref: ATF label

Please be advised that current COMAR 05.02.04.10(A) requires every approved industrialized building unit shall be marked with a label identifying the approved testing facility which performed the inspections. Each label shall bear name of the ATF, type of industrialized building unit, a serial number of the label, and the following text: "See Data Plate for Special Instructions". An ATF shall apply its label to a building only after the unit has passed all required inspections by the ATF.
